Xerox® Connect App for Clio

Focus on billable work. Not busywork.

Clio

Xerox® Connect
for Clio

Scan. Print. Simplify.

Nothing stops legal work in its tracks like not having the files you need on hand. With this app, you can easily scan and print directly to and from your Clio account. So you can say goodbye to the hours of hunting for files and missing information that distract you from the work that matters most.
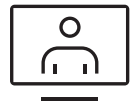

77.2% of legal professionals say they're overwhelmed by information.

– LexisNexis

BEFORE

PRINT

Log in to Clio. → Find the appropriate document. → Drag the document to your desktop. → Select the document and send to the printer. → Walk to the printer to pick up the document.

SCAN

Bring hard-copy document to your multifunction printer. → Scan and email the document to yourself. → Return to computer and access the document. → Log in to Clio. → Save the document to your Clio account.
AFTER

PRINT/SCAN

Log in to your Clio account at the printer. → Print from or scan to your Clio account.

Perfect the way you practice.

This app extends the reach of Clio's leading cloud-based software for legal practice management, making it easier to appropriately charge your clients for work. Quickly digitize hard-copy case files and other legal documents at your multifunction printer. Record reimbursable printing and scanning jobs with Expense Tracking. And browse and print files directly from your Clio account. It's a fast, simple and secure way to enhance how you work.

Legal
- Lawyers
- Small Firms
- Mid-size Firms
- Legal Departments

Log in.

Open the app on your multifunction printer.

Scan.

Easily track expenses and create searchable PDF documents by scanning hard-copy documents directly to your Clio account.

Print.

Print critical documents on demand. Simply find the file you want and press "Print."

Single Sign-On

Skip the step of logging in. Single sign-on lets approved users unlock a printer or app conveniently and securely using only their ID card or smartphone. This functionality is available whenever you're using a supported authentication solution.*
